## QUALIFICATION OBJECTIVES

The objective of the OTHM Level 4 Diploma in Business Management qualification is to provide learners with an excellent foundation for building a career in a range of organisations. It designed to ensure each learner is 'business ready': a confident, independent thinker with a detailed knowledge of business and management and equipped with the skills to adapt rapidly to change.

The content of the qualification is focused on:

- managing business communication
- understanding the business environment and organisations in a global context
- business functions including people management
- quantitative methods in business
- finance for managers
- research and academic writing.

The qualification is ideal for those who have started, or are planning to move into, a career in private or public sector business. Successful completion of the Level 4 Diploma in Business Management qualification will enable learners to progress to further study or employment.

## QUALITY, STANDARDS AND RECOGNITIONS

OTHM Qualifications are approved and regulated by Ofqual (Office of Qualifications and Examinations Regulation). Visit the register of [Regulated Qualifications](#).

OTHM has progression arrangement with several UK universities that acknowledges the ability of learners after studying Level 3-7 qualifications to be considered for advanced entry into corresponding degree year/top up and Master's/top-up programmes.

## REGULATORY INFORMATION

Qualification Title	OTHM Level 4 Diploma in Business Management
Ofqual Reference Number	603/2174/X
Regulation Start Date	25-Aug-2017
Operational Start Date	31-Aug-2017
Duration	1 Year
Total Credit Value	120 Credits
Total Qualification Time (TQT)	1200 Hours
Guided Learning Hours (GLH)	480 Hours
Sector Subject Area (SSA)	15.3 Business Management
Overall Grading Type	Pass / Fail
Assessment Methods	Coursework
Language of Assessment	English

## EQUIVALENCES

OTHM qualifications at Level 4 represent practical knowledge, skills, capabilities and competences that are assessed in academic terms as being equivalent to Higher National Certificates (HNC) and Year 1 of a three-year UK Bachelor's degree programme.

## QUALIFICATION STRUCTURE

The OTHM Level 4 Diploma in Business Management consists of 6 mandatory units for a combined total of 120 credits, 1200 hours Total Qualification Time (TQT) and 480 Guided Learning Hours (GLH) for the completed qualification.

Unit Ref. No.	Unit title	Credit	GLH	TQT
M/616/0694	Research and Academic Writing	20	80	200
M/616/2719	Business Environment	20	80	200
H/616/2720	Introduction to Business Communication	20	80	200
T/616/0695	Introduction to Quantitative Methods	20	80	200
K/616/2721	Introduction to Business Functions	20	80	200
M/616/2722	Introduction to Finance	20	80	200

## DEFINITIONS

**Total Qualification Time (TQT)** is the number of notional hours which represents an estimate of the total amount of time that could reasonably be expected to be required in order for a Learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of a qualification.

*Total Qualification Time is comprised of the following two elements –*

- the number of hours which an awarding organisation has assigned to a qualification for Guided Learning, and*
- an estimate of the number of hours a Learner will reasonably be likely to spend in preparation, study or any other form of participation in education or training, including assessment, which takes place as directed by – but, unlike Guided Learning, not under the Immediate Guidance or Supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training.*

*(Ofqual 15/5775 September 2015)*

**Guided Learning Hours (GLH)** is defined as the hours that a teacher, lecturer or other member of staff is available to provide immediate teaching support or supervision to a student working towards a qualification.

**Credit value** is defined as being the number of credits that may be awarded to a Learner for the successful achievement of the learning outcomes of a unit. One credit is equal to 10 hours of TQT.

## ENTRY REQUIREMENTS

For entry onto the OTHM Level 4 Diploma in Business Management qualification, learners must possess:

- Relevant NQF/QCF Level 3 Award/Diploma or at the level of GCE/GCSE or equivalent
- Mature learners (over 21) with management experience (learners must check with the delivery centre regarding this experience prior to registering for the programme)
- Learner must be 18 years or older at the beginning of the course
- **English requirements:** If a learner is not from a majority English-speaking country must provide evidence of English language competency. For more information visit [English Language Expectations](#) page.

## PROGRESSION

Successful completion of Level 4 Diploma in Business Management provides learners the opportunity for a wide range of academic progressions including OTHM Level 5 Diploma in Business Management. As this qualification is approved and regulated by Ofqual (Office of the Qualifications and Examinations Regulation), learners are eligible to gain direct entry into Year 2 of a three-year UK Bachelor's degree programme. For more information visit [University Progressions](#) page.

## DELIVERY OF OTHM QUALIFICATIONS

OTHM do not specify the mode of delivery for its qualifications, therefore OTHM Centres are free to deliver this qualification using any mode of delivery that meets the needs of their Learners. However, OTHM Centres should consider the Learners' complete learning experience when designing the delivery of programmes.

OTHM Centres must ensure that the chosen mode of delivery does not unlawfully or unfairly discriminate, whether directly or indirectly, and that equality of opportunity is promoted. Where it is reasonable and practicable to do so, it will take steps to address identified inequalities or barriers that may arise.

Guided Learning Hours (GLH) which are listed in each unit gives the Centres the number of hours of teacher-supervised or direct study time likely to be required to teach that unit.

## ASSESSMENT AND VERIFICATION

All units within this qualification are internally assessed by the centre and externally verified by OTHM. The qualifications are criterion referenced, based on the achievement of all the specified learning outcomes.

To achieve a 'pass' for a unit, learners must provide evidence to demonstrate that they have fulfilled all the learning outcomes and meet the standards specified by all assessment criteria. Judgement that the learners have successfully fulfilled the assessment criteria is made by the Assessor.

The Assessor should provide an audit trail showing how the judgement of the learners' overall achievement has been arrived at.

Specific assessment guidance and relevant marking criteria for each unit are made available in the Assignment Brief document. These are made available to centres immediately after registration of one or more learners.

## **OPPORTUNITIES FOR LEARNERS TO PASS**

Centres are responsible for managing learners who have not achieved a Pass for the qualification having completed the assessment. However, OTHM expects at a minimum, that centres must have in place a clear feedback mechanism to learners by which they can effectively retrain the learner in all the areas required before re-assessing the learner.

## **RECOGNITION OF PRIOR LEARNING AND ACHIEVEMENT**

Recognition of Prior Learning (RPL) is a method of assessment that considers whether learners can demonstrate that they can meet the assessment requirements for a unit through knowledge, understanding or skills they already possess and do not need to develop through a course of learning.

RPL policies and procedures have been developed over time, which has led to the use of a number of terms to describe the process. Among the most common are:

- Accreditation of Prior Learning (APL)
- Accreditation of Prior Experiential Learning (APEL)
- Accreditation of Prior Achievement (APA)
- Accreditation of Prior Learning and Achievement (APLA)

All evidence must be evaluated with reference to the stipulated learning outcomes and assessment criteria against the respective unit(s). The assessor must be satisfied that the evidence produced by the learner meets the assessment standard established by the learning outcome and its related assessment criteria at that particular level.

Most often RPL will be used for units. It is not acceptable to claim for an entire qualification through RPL. Where evidence is assessed to be only sufficient to cover one or more learning outcomes, or to partly meet the need of a learning outcome, then additional assessment methods should be used to generate sufficient evidence to be able to award the learning outcome(s) for the whole unit. This may include a combination of units where applicable.

## **EQUALITY AND DIVERSITY**

OTHM provides equality and diversity training to staff and consultants. This makes clear that staff and consultants must comply with the requirements of the Equality Act 2010, and all other related equality and diversity legislation, in relation to our qualifications.

We develop and revise our qualifications to avoid, where possible, any feature that might disadvantage learners because of their age, disability, gender, pregnancy or maternity, race, religion or belief, and sexual orientation.

If a specific qualification requires a feature that might disadvantage a particular group (e.g. a legal requirement regarding health and safety in the workplace), we will clarify this explicitly in the qualification specification.

## **UNIT SPECIFICATIONS**

## RESEARCH AND ACADEMIC WRITING

Unit Reference Number	M/616/0694
Unit Title	Research and Academic Writing
Unit Level	4
Total Qualification Time (TQT)	200 Hours
Guided Learning Hours (GLH)	80 Hours
Number of Credits	20
Mandatory / Optional	Mandatory
Unit Grading Structure	Pass / Fail

### Unit Aims

The aim of this unit is to enable learners to develop effective research plans, to evaluate different research methods, to use a high standard of academic writing, and to use independent learning techniques to support their self-development.

### Learning Outcomes and Assessment Criteria

Learning Outcome – The learner will:		Assessment Criterion – The learner can:	
1	Understand the use of different sources of information and research formulation.	1.1	Distinguish different sources of information used in academic writing.
		1.2	Evaluate the benefits of using different sources of information when compiling academic writing.
		1.3	Explain how to formulate research aim(s), objectives and questions.
2	Be able to conduct a basic literature review.	2.1	Review literature using a range of sources.
		2.2	Develop arguments from different perspectives in line with findings.
		2.3	Present the output of the literature review.
3	Be able to evaluate research and data collection methods.	3.1	Evaluate the different methods of collecting and analysing data.
		3.2	Use different methods to collect and analyse data.
4	Be able to produce academic work applying the Harvard Referencing system.	4.1	Explain the importance of avoiding plagiarism and academic misconduct.
		4.2	Produce a piece of academic writing, applying the Harvard Referencing system.
5	Be able to use techniques for independent learning, self-study and evaluation of own academic work.	5.1	Use study plans to achieve research and academic writing objectives.
		5.2	Use independent learning techniques.
		5.3	Reflect on research and academic writing.

## BUSINESS ENVIRONMENT

Unit Reference Number	M/616/2719
Unit Title	Business Environment
Unit Level	4
Total Qualification Time (TQT)	200 Hours
Guided Learning Hours (GLH)	80 Hours
Number of Credits	20
Mandatory / Optional	Mandatory
Unit Grading Structure	Pass / Fail

### Unit Aims

The aim of this unit to develop learners' understanding of the dimensions of the business environment, including various business types and purpose.

### Learning Outcomes and Assessment Criteria

Learning Outcome – The learner will:		Assessment Criterion – The learner can:	
1	Understand business organisations, their purpose and stakeholders.	1.1	Compare different types of organisations and their purposes.
		1.2	Explain the stakeholder roles and strategic responsibilities.
		1.3	Explain how different stakeholders' objectives are met.
2	Understand the economic implications of operating businesses.	2.1	Explain economic systems in relation to resource allocation and utilisation.
		2.2	Assess the influences of fiscal and monetary policies on business activities.
		2.3	Assess the impact of competition.
		2.4	Evaluate the impact of regulation activities on organisations.
3	Understand business market environments.	3.1	Explain market decisions and its influences on the policies of a specified business.
		3.2	Evaluate an organisation's response to market forces.
		3.3	Explain the importance of assessing culture in the business environment.
4	Understand the effects of Global Markets and the need for organisations to operate globally.	4.1	Explain the value of international markets to UK businesses.
		4.2	Explain global factors affecting businesses.
		4.3	Evaluate the impacts of EU policies on UK businesses.

## Indicative contents

Topic	Course Coverage
<b>Learning Outcome 1</b> Understand business organisations, their purpose and stakeholders.	<ul style="list-style-type: none"> <li>Structure &amp; purpose: Legal structure; type e.g. sole trader, voluntary organisation, co-operative, private company, public company, government, voluntary organisation, co-operative, charitable; sector (primary, secondary tertiary) mission; vision; aims; objectives; goals; values; profitability; market share; growth; sales; service level; customer satisfaction; corporate social responsibility; ethical issues.</li> <li>Stakeholders: owners; customers; government agencies; suppliers; employees; debtors; creditors; financial institutions; trade unions environmental groups; trade unions</li> <li>Strategic responsibility: stakeholder interests; conflict of expectations; power-influence matrix; satisfying stakeholder objectives; legal responsibilities e.g. consumer legislation, employee legislation, equal opportunities and anti-discriminatory legislation, environmental legislation, health and safety legislation; ethical issues e.g. environment, fair trade, global warming, charter compliance e.g. Banking Code</li> </ul>
<b>Learning Outcome 2</b> Understand the economic implications of operating businesses.	<ul style="list-style-type: none"> <li>Economics: The allocation of scarce resources; government borrowing; inflation; resources; balance of payments; taxation; type of economic system; labour force; balance of trade; exchange rates; trading partners; public finances; business behaviour; economic goals;</li> <li>Fiscal policy: control of aggregate demand; central and local government spending</li> </ul>
<b>Learning Outcome 3</b> Understand business market environments.	<ul style="list-style-type: none"> <li>Markets: Perfect competition, monopoly, monopolistic competition, oligopoly, competitive advantage, strategies adopted by firms; regulation of competition; supply and demand, elasticity of demand and supply; customer perceptions and actions, pricing.</li> <li>Microeconomics and Macroeconomics concepts: Monetary and fiscal policies; market structure; supply and demand; competition policies. Evaluate the need for businesses to take into account country's economic policies when operating. decisions; cost and output decisions; economies of scale, the short run; the long run, multi-national and transnational corporations; joint ventures, outsourcing; core markets; labour market trends; employee skills, technology; innovation; research and development; core competencies; business environment (political, economic, social, technical, legal, environmental); cultural environment</li> </ul>
<b>Learning Outcome 4</b> Understand the effects of Global Markets and the need for organisations to operate globally.	<ul style="list-style-type: none"> <li>International trade and the UK economy: international business environment (political, economic, social, technical, legal, environmental); protectionism; market opportunities; global growth; World Trade Organisation (WTO); emerging markets (BRICS economies – Brazil, Russia, India, China, South Africa); EU membership; EU business regulations and their incorporation in to UK law; EU policies; labour movement; taxation regimes; workforce skills; exchange rates; trading blocs labour costs; trade duties; levies; tariffs; customs</li> </ul>

	dues; international competitiveness; investment incentives; cost of capital; commodity prices; intellectual property; climate change

## INTRODUCTION TO BUSINESS COMMUNICATION

Unit Reference Number	H/616/2720
Unit Title	Introduction to Business Communication
Unit Level	4
Total Qualification Time (TQT)	200 Hours
Guided Learning Hours (GLH)	80 Hours
Number of Credits	20
Mandatory / Optional	Mandatory
Unit Grading Structure	Pass / Fail

### Unit Aims

The aim of this unit is to enhance learners' business communication skills and enable them to operate confidently in the business world. Learners will be able to:

- make persuasive presentations
- negotiate convincingly
- write reports that address and/or solve strategic problems
- write promotional material
- enhance their cultural awareness
- enhance their understanding of cross-cultural communication, and the role of languages in business.

### Learning Outcomes and Assessment Criteria

Learning Outcome – The learner will:		Assessment Criterion – The learner can:	
1	Understand the principles which govern communication in business situations.	1.1	Categorise the aims of business communication.
		1.2	Evaluate the benefits and limitations of a particular communication medium in a given situation.
		1.3	Explain how relationships between people affect communication.
		1.4	Explain different communication models.
2	Be able to compose common types of written communication.	2.1	Produce common types of formal business communications using language appropriate for its purpose.
		2.2	Produce types of informal business communications using language appropriate for its purpose.
3	Understand the principles of oral and non-verbal communication	3.1	Explain how to communicate effectively face to face in both formal and informal situations.
		3.2	Explain how body language and physical appearance can help or hinder communication.
4	Understand common barriers to communication and how they are	4.1	Explain how communication barriers caused by the sender of a message in oral, written or non-verbal form can be overcome.

	overcome.	4.2	Explain how communication barriers caused by the receiver of a message can be overcome.
5	Understand the role of technology in business communication.	5.1	Assess how computers and other modern communication technologies help communication within companies and throughout the modern business world.
		5.2	Explain common threats to the security of business data held on computer.
		5.3	Explain how to protect business data against security threats.

## Indicative contents

Topic	Course Coverage
<b>Learning Outcomes 1 and 3</b> Different types of business information	<ul style="list-style-type: none"> <li>Types of information: verbal; written; onscreen; multi-media; web based</li> <li>Purpose of information: updating knowledge; informing future developments; SWOT analysis; communicating sales promotions; inviting support for activities</li> <li>Sources of information: internal, e.g. financial, human resources, marketing, purchasing, sales, manufacturing, administration; external</li> </ul>
<b>Learning Outcomes 2, 3, 4 and 5</b> Presenting business information effectively	<ul style="list-style-type: none"> <li>Presentation methods: e.g. document, use of style, verbal presentations, role plays, onscreen multi-media presentation, use of images, web-based presentation, multi-lingual support</li> <li>Output requirement: e.g. images, page layout, text formatting, use of tables, combining information from a range of applications, use of software and hardware</li> <li>Corporate communication: methods; mission statements, advertising, packaging, logos</li> </ul>
<b>Learning Outcomes 4 and 5</b> Issues and constraints in relation to the use of business information in organisations	<ul style="list-style-type: none"> <li>Legal issues: relevant data protection legislation e.g. Data Protection Act 1998, Freedom of Information Act 2000; other relevant legislation, e.g. Computer Misuse Act 1990</li> <li>Ethical issues: codes of practice, e.g. on use of email, internet, 'whistle blowing'; organisational policies; information ownership</li> <li>Operational issues: security of information; backups; health and safety; organisational policies; cost of development; impact of increasing sophistication of systems</li> </ul>
<b>Learning Outcomes 2, 3, 4 and 5</b> Communicating business information using appropriate methods	<ul style="list-style-type: none"> <li>Audience requirements: eg age, gender, ethnicity, special needs, accessibility, business experience and knowledge, industry-related experience and knowledge</li> <li>Methods of written communication: eg letter, memorandum, fax, invoice, flow charts, publicity</li> </ul>

	<p>material, email and screen based, SMS (short message service), www (worldwide web)</p> <ul style="list-style-type: none"> <li>• Methods of non-written communication: eg telephone call, video conferencing</li> <li>• Technologies: computers; touch screens; digital broadcasting; DVD mobile phones; the internet and WAP</li> <li>• Communication skills: formal/informal; verbal/non-verbal; listening; understanding; seeking clarification; responsiveness; eye contact; facial expressiveness; body language; use of appropriate professional language</li> </ul>
--	--

## Assessment

## INTRODUCTION TO QUANTITATIVE METHODS

Unit Reference Number	T/616/0695
Unit Title	Introduction to Quantitative Methods
Unit Level	4
Total Qualification Time (TQT)	200 Hours
Guided Learning Hours (GLH)	80 Hours
Number of Credits	20
Mandatory / Optional	Mandatory
Unit Grading Structure	Pass / Fail

### Unit Aims

The aim of this unit is to review the basic concepts in mathematics, algebraic equations, graph construction, matrix algebra and probability that need to be understood by all business learners. The emphasis rests on applying these concepts to a variety of mathematical problems encountered in business contexts.

### Learning Outcomes and Assessment Criteria

Learning Outcome – The learner will:		Assessment Criterion – The learner can:	
1	Understand the rules of numeracy.	1.1	Apply the four rules of numeracy.
		1.2	Express numbers in standard form.
		1.3	Multiply and divide negative numbers.
2	Be able to make and apply calculations relevant to business.	2.1	Compare numbers and approximate data.
		2.2	Determine values for simple financial transactions.
		2.3	Make and apply calculations.
3	Be able to use algebraic methods to solve business problems.	3.1	Solve equations using algebraic methods.
		3.2	Solve equations using roots or logarithms.
		3.3	Determine the equation of a straight line.
4	Be able to construct and use graphs, charts and diagrams in a business context.	4.1	Draw charts and diagrams derived from tabular business data.
		4.2	Plot graphs, applying the general rules and principles of graphical construction.
		4.3	Plot and interpret mathematical graphs of business data.
5	Be able to apply statistical methods to provide business and management information.	5.1	Distinguish between different types of business data.
		5.2	Represent and interpret business data.
		5.3	Determine and interpret summary statistics.
6	Be able to apply the laws	6.1	Explain the application of the laws of probability in a

	of probability to find solutions to business problems.		business context
		6.2	Calculate the expected value of an outcome.
		6.3	Determine probabilities using the normal distribution.
